Parking: Chorus Concert

Dr. Cirillo, Superintendent of Schools, along with the Gloucester Police and Fire Departments have established a plan for parking that will allow the most people to park and permit access to fire/emergency equipment in case of an emergency.

Please park in the parking lot in the rear of the school and on the outside of the ring road around the school building. Handicapped parking will be reserved in the front of the school. Parking attendants will be on hand to direct drivers to park so that as many cars as possible may be accommodated. In order to accommodate everyone who has purchased a ticket to the concert, we suggest that you carpool if feasible. There is no parking allowed on route 102 or Rustic Hill Road. Your patience and understanding are greatly appreciated.
