

Dear Parents,

The Purple Team is participating in the Living Campus project celebration by having a poster/essay contest and bake sale. The topic of the essay is, "How can I go green?" Green refers to our school's theme of being ecologically friendly. The essay should be attached to a regular-sized poster board that is decorated with a visual representation of the subject of their essay. The essays and posters are due by March 28th and must follow quality work standards in which all students have a copy. We will be awarding a first, second, and third place prize. All of the projects will be on display in the Purple Team suite on April 5th.

Furthermore, we will be having a bake sale upstairs in the foyer. If you are interested in making a food product and/or can assist the children in selling, please sign and return the form below or email Mrs. Pagliarini at gpagliari@fg.k12.ri.us.

Thank you,
The Purple Team teachers and students
