

Ponaganset Middle School

Notice to Parents December 4, 2007 Report Cards

The first trimester report cards were printed with a "CUM GPA" and a "class rank" (in lower right hand corner of the report card), this is incorrect. In order to overcome the problem with printing the report cards last Friday, the parameters of the report cards had to be reconfigured and the parameters for figuring the honor roll for middle school students was not applied. Please know that your children's grades are accurate, but disregard the "CUM GPA" and "class rank" as they do not apply to the middle school. Students in grade six received a "P", passing grade for the first trimester's Literacy class. This grade does not affect a student's eligibility for the honor roll.

We apologize for any concerns this may have caused and we appreciate your understanding. *Corrections will be made and new report cards will be printed and sent home later this week.*
